Seriously? what?
NO WAY.

that's what i said at breakfast this morning.

Our Fans are the greatest. Jericho has become the little engine that could- a symbol of the power of each individual voice. imagine what we could all do, if we took a page out of "How to be a fan of Jericho."

We are in your debt, and we will do our darndest to make Jericho worthy of your loyalty.

I wonder if george washington carver counted this in all those uses for peanuts?

In gratitude always,
Your biggest Fan,
Sprague Grayden/ Heather
